MAY 4 - 1943

Vol.1, No. 6 A and B.

January 15, 1943

Postal Guide on Books

Books weighing up to four pounds may be returned under frank, without payment of additional postage. A single volume weighing more than four pounds may also be returned under frank. Where payment of postage is required, use the special library book rate of 3¢ per pound. Mark packages "Books."

Only one package should be mailed under frank to one address on the same day.

Victory Book Drive for Armed Services

Between January 5 and March 5 you will have a chance to send your favorite books to answer the demand of boys in our armed forces for reading matter. Western and detective stories are most popular, while technical books published since 1935 are also welcome. Send along, too, several of the inexpensive pocket-sized reprints of well-known titles. Take your contributions to your public library, USO center, AWWVS headquarters—or mail them to the Atlanta Branch Library for forwarding, if you have no Book Drive contact in your town.

The Department of Agriculture and War

The 1942 annual reports of the various bureaus of the Department give pictures of some of the work in progress to meet wartime conditions. Among reports so far available in the Atlanta Branch are those of Commodity Credit Corporation, Bureau of Dairy Industry; Home Economics; and the Library.

Regulations Department

We have been requested to quote the following paragraph from Regulation 1916: "Any employee leaving his official station for more than one week shall immediately return any library material charged to him. No employee shall take library material from the station at which it was charged to him without first obtaining the permission of the Department Library or the branch from which it was borrowed." If you are stationed in Atlanta and wish to take a book along on a field trip, please notify the Branch Library.
